

Trimble Advanced and Extended Warranty Program

8 Days Left to take Advantage of this Great Program

You spoke and we listened! After the initial launch of this program in January, we solicited feedback from you and that feedback has fueled the changes to this program. Program changes include new one-year extension increments, and a limited time offer on 2009 and 2010 products.

Extended warranties are an excellent opportunity to provide you with the protection and peace of mind that you deserve.

Cat Challenger with a JD DB80

Program changes

A number of changes have been made to both the advanced and extended warranty programs.

- Coverage can now be purchased in 1-year increments
- New pricing (see below)
- Consecutive terms may be applied to extend the warranty up to **5 years** from the original purchase date
- Advanced warranty features (such as rapid replacement) may now be utilized during the Trimble factory warranty period.
- Coverage can be added at any time as long as the unit is currently under factory, advanced or extended warranty
- Eligible systems: EZ-Guide® 250 system, CFX-750™ display, FmX® integrated display, EZ-Steer® system, Autopilot™ automated steering system, RTK Base Stations

Features and Benefits

FmX Display Planting w/ RTK.

- Get industry leading protection for up to 5 years
- You deal directly with Trimble - no 3rd party administrators or insurance companies
- No deductibles - ever
- Transferable ownership
- Advanced warranty features may be claimed while equipment is still under factory warranty
- No registration form, no spam, no junk mail
- Minimize downtime
- Avoid unexpected and unbudgeted repair costs
- No worries. No hassles. Just great protection for your investment
